

Order of Public Speakers

PLANNING PROPOSAL AUTHORITY – PUBLIC MEETING
STRATEGIC PLANNING PANEL OF THE
SYDNEY NORTH PLANNING PANEL

Date: Monday, 9 December 2024
Location: MS teams
Time: 9:30am – 5.00pm or until the speakers list is exhausted

Public Meeting

The meeting will begin with introductions from the Panel Chair, Peter Debnam, and a Welcome to Country from the Metropolitan Local Aboriginal Land Council. Following introductions, the Chair will call individuals who have registered to speak from the list below. Individuals will be given two minutes to speak to the panel and Community group representatives will have five minutes to address the panel. We will hear from individual speakers first, followed by Community group representatives. Northern Beaches Council and the proponent will then speak to the panel and respond to Panel questions.

We have provided this running list so that people will be able to track where the meeting is up to in relation to who is speaking and so that speakers are able to prepare to be called upon when their turn arrives.

Meeting Protocols

- All speakers are reminded that they must not reiterate the information and content provided in their submissions as the Panel have read and understood all documentation provided.
- Please ensure that you are prepared to speak when your turn arrives or you may lose your opportunity to speak.
- There will be short breaks throughout the meeting approximately every 45 minutes.
- All cameras and microphones will be automatically disabled. Department Staff will activate your ability to access camera and microphone as your turn to speak approaches. Please ensure you log into the meeting using your full name as listed in the table below so you can be located by Department staff when your turn to speak arises.
- This is a public online meeting and is being recorded. No other recordings or filming of this meeting is allowed.
- Each speaker must be respected and interjections while a person is speaking are not permitted. There is to be no personal criticism directed at any speaker. Any breach may result in removal from the meeting.

During the meeting, the Panel Chair will call on speakers by name and/or number. The order of speakers is as follows:
